Kertios Consulting value proposition

We have been working for more than 10 years, mainly in three regions: Europe, CIS and Africa, and we have a long list of very satisfied customers from different countries.

We draw on our experience gained from a number of international projects and will provide your teams with best practice.

We have in-depth knowledge of local requirements and their compliance with company policies and procedures. We also have extensive practice in coordinating local and corporate requirements.

We are adept at working with local partners and often collaborate with other consulting companies. We also have offshore capabilities.

We are flexible and work very quickly.

Our team are officially certified by Oracle for different products and keep it up to date.

High professionalism and very good project management.

Kertios JD Edwards E1 capabilities

JD Edwards E1 Implementation

01

We specialize in implementing a **comprehensive and scalable** Oracle JD Edwards ERP system. Our company provides a **wide range of services** from analysis to design, build, training and technical support. Our main project areas are Finance, Sales, Procurement, Distribution, Manufacturing, etc.
